- S.A.M Putt lab level 3 coach
- Capto level 1 & 2 certified

# DAVID COUPLAND

## GOLF PROFESSIONAL

## PROFILE

With 22 years in the golf industry, my career began as a greenkeeper, where I gained a deeper understanding of the game while achieving success as an amateur, including representing England. This experience led me to turn professional.

Since 2011, I've competed at various levels, from the PGA EuroPro Tour to the DP World Tour, and played in three Major Championships. Along the way, I managed my own schedules, logistics, and budgets to fund my career.

Currently focused on coaching, I'm refining my skills and sharing my knowledge while continuing to play. I've also successfully launched and grown my own putting coaching business, showcasing my entrepreneurial abilities, client relationship management, and business development. Through effective marketing, personalized coaching, and sound financial management, I've built a strong and loyal client base.

I take pride in my strong work ethic, attention to detail, and professionalism, balanced with an approachable, laid-back personality and a good sense of humor.
