

GREGORY FAGAN

Dedicated and enthusiastic golfer with strong practical knowledge of the game, seeking opportunities within the golf industry such as coaching assistant, golf operations, or progression toward PGA training. Current playing handicap of 18 with active club membership experience and a developing understanding of golf swing mechanics through personal practice and use of a golf simulator.

Combines hands-on experience in structured environments with strong self-discipline, reliability, and technical understanding of movement, mechanics, and performance gained through both sport and construction background.
