### **Senior Pizzaiolo**

Pizza Express & Milano-Cheshire

November 2022 to Present

I started at pizza express in November 2022 as a cleaner to ensure the restaurant was up to high demanding cleanliness standards. After six months or so I wanted to try the kitchen for a couple of shifts and I loved it! I developed a quick passion for cooking food and was making sure there was enough prep for the shift on the day and closing down the kitchen to the standards met. In addition, twelve months on I asked the manager for a pathway and senior pizzaiolo was the next step and I was keen to learn the next steps to progress. The management there believed in my passion and skills and put me forward and I passed the course first try.
